Diseño de Experiencia del Usuario (UX) de Google

Para obtener el Certificado Profesional de Diseño UX de Google, las y los alumnos deben aprobar siete cursos desarrollados por Google, que incluyen evaluaciones interactivas y basadas en la práctica y están diseñados para prepararlos para roles de nivel básico en el diseño UX. Gracias a ello, serán capaces de realizar el proceso de diseño de principio a fin: empatizar con las y los usuarios, definir sus dificultades, proponer soluciones de diseño, crear esquemas y prototipos, y probar diseños para obtener comentarios y sugerir mejoras.
